

AutoCAD Project

1. Save the drawings as separate .pdf files (Q1.pdf & Q2.pdf) and upload them to the respective assignment tab on the Mookit course portal.
2. Due date for submission is 21st March (midnight).
3. No late submissions will be considered. [5+5 =10]

1. Draw the front sectional view (section X-X), top view and the left side view of the machine part shown in figure 1. Dimension all the views.

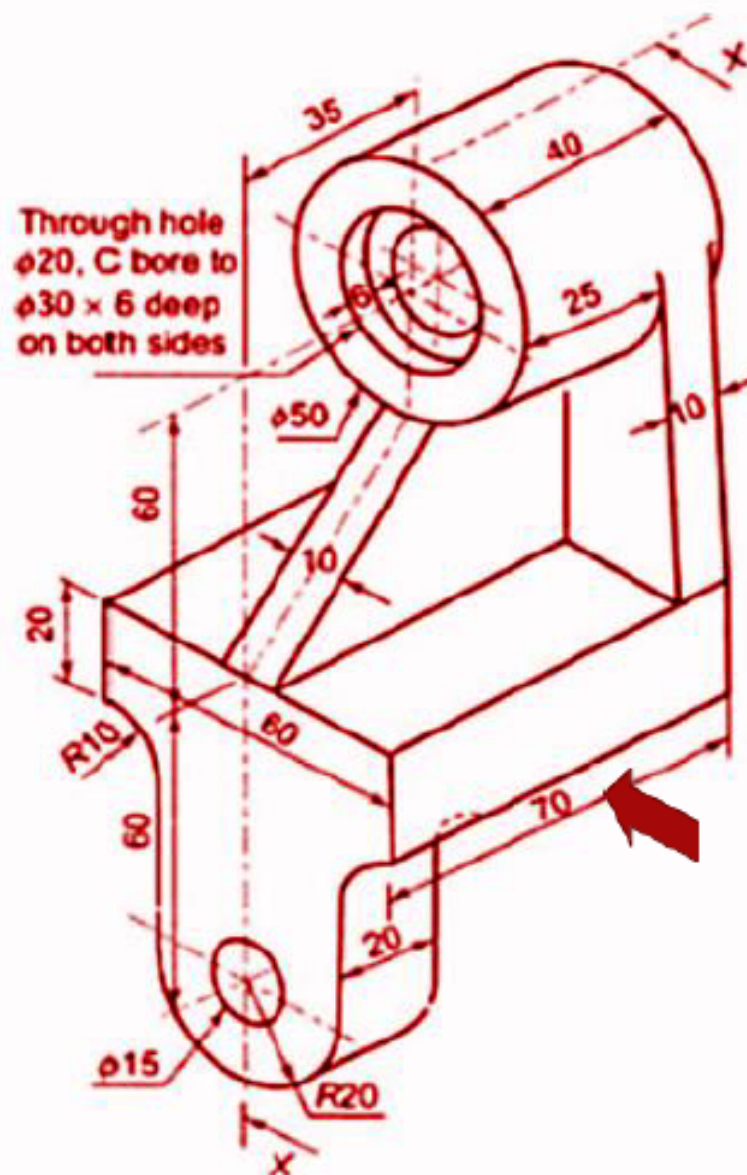

Figure 1

2. Considering the orthographic views of the object shown in figure 2, create a three-dimensional CAD model. Do not dimension the model.
